

**National Association of Landscape Professionals
2019 National Collegiate Landscape Competition
Colorado State University
March 20 – 23, 2019**

Parking Instructions

We are excited for your arrival to campus. Please closely review parking instructions below to ensure that you are following parking regulations while on campus.

All visitors to Colorado State University will have to pay for parking

Parking will cost \$33 for each vehicle (car, truck, bus, etc.) for the entire week. This will allow you to park in any **A or Z lot**. [See this link for parking maps](#). Parking permits will be “virtual”, that is, you will not be required to have a physical parking permit located on your vehicle. Instead, the parking permit will be linked to your license plate number.

Purchasing your parking permit

As soon as you know your license plate number/s (prior to your arrival on campus or even once you have arrived on campus), please contact our Parking Services team at (970) 491-7041. Please let them know that you wish to purchase a parking permit for the National Collegiate Landscape Competition. You will need to provide them with your license plate number/s and a credit card number. This complete process should only take a couple minutes. Immediately upon payment, you will be able to park on campus for the entire NCLC event. If you require a receipt, let the Parking Services team know and they will collect your email address from you and send you an electronic receipt.

Parking locations for cars, vans and pick-up trucks

Using the link above, you will be able to locate **A and Z** parking lots across campus. We encourage you to **use the Lake Street Parking Garage- parking levels 2, 3 and 4**. This parking garage is centrally located between the majority of the class rooms events and the outdoor events- approximately a 3 - 5 minute walk from almost every event. The Lake Street Parking Garage is located at the northeast corner of the intersection of Centre Avenue and Prospect Road- immediately across the street from the Hilton Hotel. The Parking Services office is also located on the first floor of this garage, should you require any assistance.

Parking locations for busses

Busses and over size vehicles must park at the Moby Lot (Lot 195). This lot is located at the southeast corner of West Plum Street and South Shields Street. The above link will allow you to locate this lot. All busses and over size vehicles must also have a permit. These vehicles should be parked on the far west side of this lot.

Transportation while on campus

While on campus, please feel free to utilize our free cross-campus shuttle system- [Around The Horn](#). With a multitude of stops, including the Lory Student Center and next to the Hilton, you find this a convenient way to get around campus if you choose not to walk.

Should you have any parking issues, please contact:
