

Through a partnership with the Foundation at the National Association of Landscape Professionals and ALCC, we are able to provide support to students to help them realize their dream to become a landscape professional.

ALCC is a trade association serving Colorado's landscape community. ALCC also provides useful information to homeowners, property managers, urban/suburban dwellers, rural landowners and passionate gardeners statewide.

Each year, scholarships are awarded to deserving students in Colorado in post-secondary horticulture programs.

### **2016 Scholarship Recipients**
